Dear Mr. Steele:

Your notice to conduct mining related operations on mining claim, UMC serial number, 321860 located in NE 1/4, Sec. 5, T. 12 S., R. 6 W., SLBM was received on September 29, 1992, and has been accepted by this office. Your amended notice has been assigned case file number **UT-054-92-14N-A**. Please use this number in any future correspondence concerning this notice. Your previous notice for mining related operations, serial number UT-054-92-14N has been administratively closed and combined into this notice.

If you change your operation from what is described in your notice or the recently submitted amendment, please contact this office prior to the change. If your operations extend for more than one year, please advise this office of the status of your mining related activity on the anniversary date of your notice.

Enclosed is a copy of the Standard Operating Procedures required by the Richfield District, House Range Resource Area. Please follow these guidelines as they pertain to your operation.

The operator should immediately notify this office if any cultural, archaeological, paleontological, or other historical remains or objects are discovered during operations. Such discoveries should be left intact until approval to proceed is given by the Authorized Officer.

A copy of your notice has been sent to the Utah Division of Oil, Gas and Mining (DOGM); therefore, you will not have to file this notice with them. All mining claimants and operators that plan to use, store or divert water are required by Utah statute to notify the Utah Department of Environmental Quality, Division of Water Quality. Prior to the commencement of the proposed activity, all appropriate state water quality permits must be obtained from the Utah Department of Environmental Quality, Division of Water Quality, located at:

1636 West North Temple
Salt Lake City, Utah 84116-3156

As required by 43 CFR 3809, Surface Management Regulations, reasonable measures must be taken to prevent unnecessary or undue degradation of public lands during your operations. Please notify this office upon completion of operations and reclamation, so an inspection may be conducted on the site. Reclamation under this notice is required to conform to the standards of the Utah Mined Land Reclamation Act.

Acceptance of your notice will not now, nor in the future, serve as a determination of the validity nor ownership of any mining claim included under your notice.

If you have any questions regarding this letter, please feel free to contact Christina Reid at (801) 743-6811. Thank you for submitting your notice.

Sincerely,

A handwritten signature in cursive script that reads "Rex Rowley".
